VectorCAST LICENSE TRANSFER REQUEST

(for FlexNet Publisher licensing)

Please send the completed form to: sales@vector.com

Dear License Holder,

A change of the license server or the transfer of selected products to a different license server may result solely in changes to the following license server details: **hostname**, **host ID** and **physical location.**

Changes to the user location (for single-site licenses) or the geographic region (for regional licenses) are **not permitted** under this license transfer request.

Moreover, this license transfer does not constitute a transfer of the license holder.

Please fill in all fields (in English).

Company name and address [of the license holder]		
	Current Configuration [Server A]	**Requested Configuration** [Server B]
Hostname of the license server		
Host ID of the license server [MAC Address or Disk Serial Number or VM UUID]		
Physical location of license server (if known) [City or State & Country]		
Where are the licenses used? [City or Region]		
Which Vector License ID(s) [Serial Number(s)] **would you like to transfer?**		
Which VectorCAST product(s) would you like to transfer? [Pls. incl. quantity per product]	*Not required if Vector License ID has been provided*	
Name and email address of the recipient of the new license file		

- After the successful installation of the new license file on Server B, the license file must be removed from Server A.
- In case of a partial license transfer, the existing license file on Server A must be replaced by the new license file for that server. (Vector provides a new license file for Server A and Server B, respectively, to the recipients listed in the table above.)
- Should Server A no longer be available, Vector acknowledges that it is impossible to remove the license file from this server.
